Team Members:

Juan D. Cardozo Haris Hanif Andy Wong Alina Syrtsova

Sprint Report 3:

Product Name: iTradeU
Team Name: Trade Minions

Release Name:Alpha Release Date:11/23/16

Actions to stop doing:

In our final sprint, there is nothing to stop doing. The group have finished almost everything and can continue adding more features to the website.

Actions to start doing:

As we finish our final sprint, there is nothing the group needs to start doing. However, we can add additional features to the website

Actions to keep doing:

As we finish our final sprint, we can add more features to the websites.

Work completed:

User Interface Prototype
Database Schemas
Basic Routing
Mobile app interface
Facebook & google sign in/log in

User Story	Tasks	Story Points												
	Add views to the web interface to allow login to happen	3	0	0	0	0	0	0	0	0
